

To the FDA:

RE: DOCKET NO. 98N-1265

I send this letter as a consumer of healthcare services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me, regardless of where I may live or may travel. The MOU must be amended!

Signed: Barbara Lynn Freeman

State of Residence: Arizona

Comments:

Please do not take away my  
natural "estrogen". My natural path  
Physician prescribed it and I feel  
wonderful. The other Estrogen Replacement  
Therapy made me feel anxious. Sincerely, B L F
